## The Age of Peel

*Edited by* NORMAN GASH \$1.75 paper; \$3.40 boards

In British history the period from 1815 to 1848 was a time of distress, disorder, agitation and change. The documents presented in this volume illustrate the various influences and movements at work which led to Victorian Britain.

## A History of Germany 1815 - 1945

WILLIAM CARR \$6.65

Dr. Carr traces the history of Germany from the beginning of its unification and centralisation at the Congress of Vienna in 1815 to its division and the end of an epoch of nationalism in 1945. This analytical narrative concentrates on political and economic development, though reference is made to the parallel development of German thought and philosophy.
